

# BORA BORA

(Designers P.Cazzaniga - A.Munteanu)

A modular seating system with highly functional configurations, corner or U-shaped ones too.

The peculiar design in the backrest allows variability in depth.

The sofa is either left or right, with one or two arms.

## Cover

The upholstery covers every part of the sofa and is completely removable.

Optional extra covers if required.

The units in leather have a fixed cover only and, at MDF Italia's discretion, may have one or more seams based on their size.

## Frame

The frame of the sofa is in solid wood, suspension with elastic belts covered with indeformable variable-density polyether.

The sofa frame rests on cylindrical small feet in polished aluminium or in white or black lacquered steel. Height 15 cm.
