**Soft Pad Group Chairs** Eames Collection

**Charles & Ray Eames** feature among the most important figures of twentieth century design. Their work is multi-faceted: they developed furniture, produced films and photographs, organised exhibitions and designed and built their own house as a pioneering endeavour.

**Vitra** has produced and marketed the furniture designs of Charles & Ray Eames since 1957. First producing under license, Vitra obtained exclusive rights to all Eames products for Europe and the Middle East in 1984. Consequently, we are the sole legitimate manufacturer of Eames designs in this part of the world. The brand gives you the security of owning an original product by Charles & Ray Eames.

EA 219

The models comprising the **Soft Pad Group** are suitable for a large number of uses: in the office, in conference and reception areas and also in the home.

EA 222

**Guarantee.** In case of a fabrication error or material defect Vitra will replace or repair all chairs in the Soft Pad Group free of charge for a period of thirty years from the date of purchase (in accordance with the certificate of guarantee).

### Soft Pad Chaise

The Soft Pad Chaise was designed in 1968. Its gently curving form makes it ideally suited to short periods of relaxation in the office or at home. Six cushions joined together by zip are attached to the aluminium frame, whilst two loose cushions enhance comfort.

Sumo wrestler Jesse Takamiyama on the Soft Pad Chaise

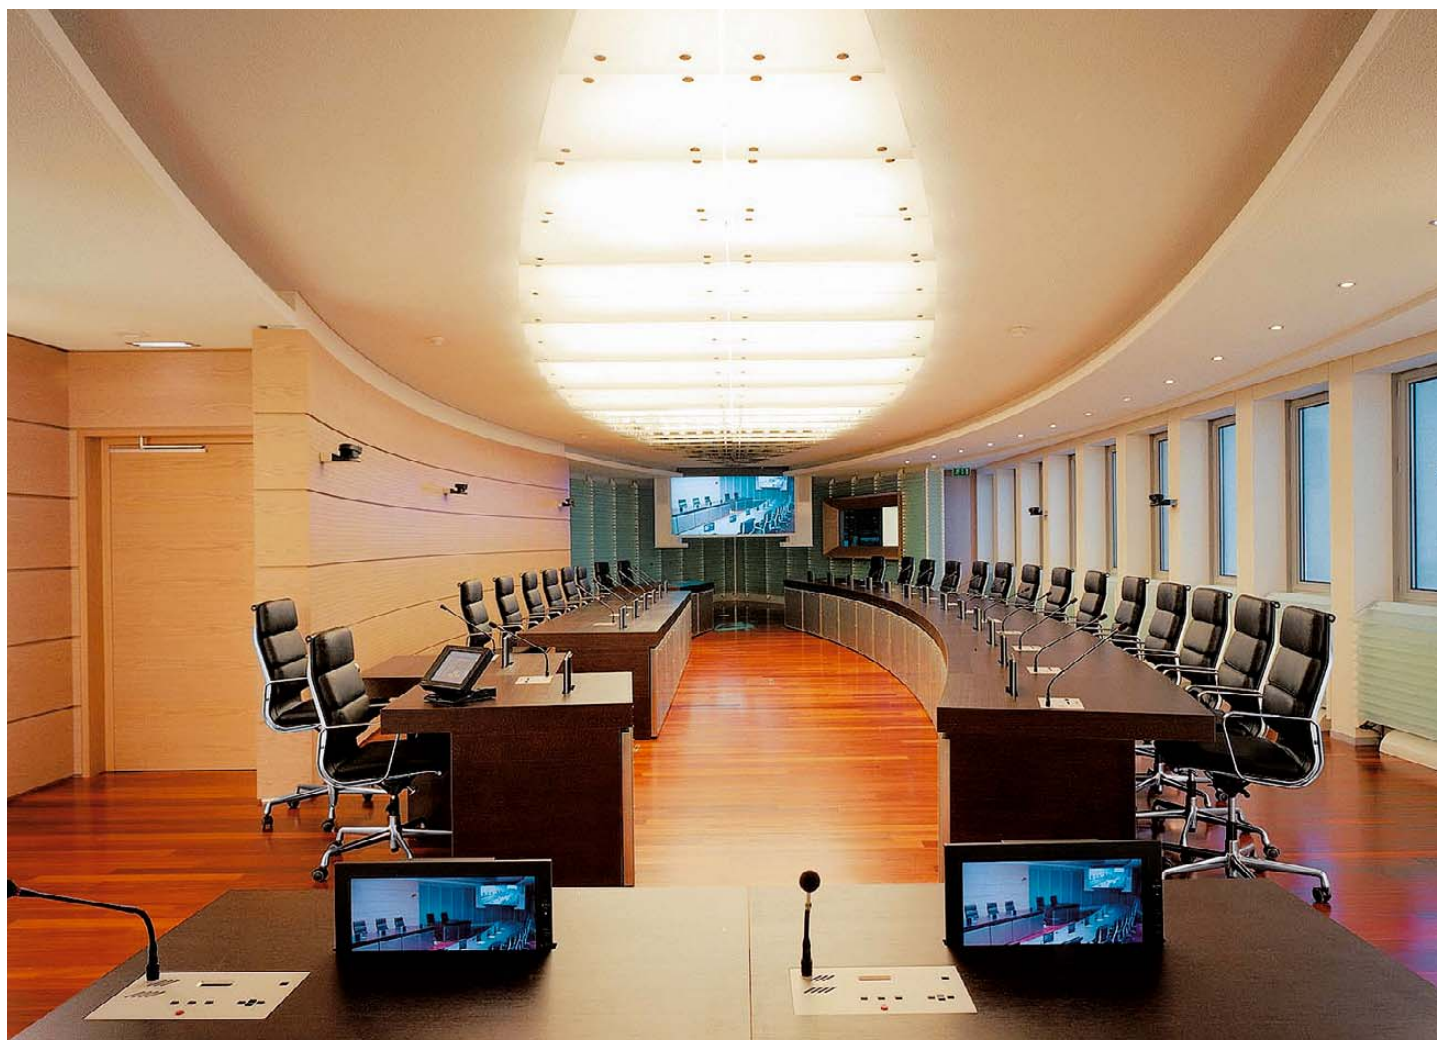

The **Soft Pad Chair** was designed in 1969. In terms of construction and design it is identical to the Aluminium Chair. The attached padded sections form an interesting contrast to the elegant aluminium frame. The pads make the chair softer and more luxurious, without detracting from its transparency and clear lines.
